

1st International Conference on MRSA in Animals

Epidemiology and Infection

19th/21st June 2006
at
The University of Liverpool

The University of Liverpool, in association with the Bella Moss Foundation, is hosting the first international conference on MRSA in Animals at the University of Liverpool's Veterinary Field Station at Leahurst on the Wirral.

The aim of the Conference is to bring together researchers from veterinary and human research on MRSA, as well as clinicians, to disseminate and further our knowledge on the epidemiology and infection of MRSA in animals.

Keynote Speakers

- Prof David Lloyd
- Dr Scott Weese
- Dr Chris Teale
- Dr Anette Loeffler
- Dr Tim Nuttall
